

## Make Your Move Schools Package

Make your Move is guaranteed to get your young people moving, learning new styles of dance, understanding how to create choreography and performing their work which can all link to your creative curriculum.

- Our fantastic package is delivered by one of our highly skilled, qualified dance artists over 12 x 1-hour sessions at your school.
- Dance City can be part of your school for a whole term delivering to a maximum of 30 students.
- All of our delivery can be tailored to meet your needs and we encourage teachers to use the sessions as a CPD opportunity.
- At the end of the delivery your students will have a finished piece of choreography which they will then be invited to perform at Dance City in our Theatre.
- In addition to the practical delivery children will also achieve an Arts Award.

Arts Award supports young people to develop as artists and arts leaders. It deepens engagement with arts and culture, develops both creative and leadership skills, and importantly, the Arts Award leads to a national qualification. The Discover Arts awards which young people will achieve with us is the first step to their Arts Award journey.
